

AMENDMENTS TO THE SPECIFICATION

I. TITLE

Please amend the title such that “WebSite” is two words “Web” and “Site” as follows:

SYSTEM FOR CREATING AND MAINTAINING A WEB SITE

II. DETAILED DESCRIPTION

Please replace the paragraph at lines 10 through 18 on Page 14 with the following:

“An item entry in the items table 330, representing items for the Web Site, has a one-to-many relationship with entries in the perspective table ~~320~~360 and has a one-to-one relationship with an entry in the category table 370. Thus, an item entry may be assigned to one or more perspectives, and an item entry may be assigned to one category. As shown in Figure 3, entries in the folders table ~~360~~320 have a one-to-one relationship with entries in both the style table 350 and navigation bar table 340. The entries in the style table 350 define the style for the corresponding folder, and the entries of the navigation bar define the links on the navigation bar.”
